

Participatory Budgeting in Yorkshire and Humber

Invitation to the:

Regional Network Launch Event

Tuesday, November 24th, 10.00am -3.00pm
The Source, Sheffield

Participatory Budgeting, where residents vote directly on spending decisions in their local areas, is becoming increasingly well established, with over 70 pilot initiatives nationally.

This is your chance to attend the launch of a Regional Network, where people either already engaged in delivering PB in the Yorkshire & Humber Region, or who are interested in developing PB initiatives, can meet, network, and share best practice.

Details of the day and how to book below

The day will be hosted by Sheffield City Council and include:

- ◆ **World Premiere** of the latest PB DVD, co-produced by the PB Unit and LGYH, which showcases Regional PB activity, as well as including some **top training tips!**
- ◆ **Panel** discussion with some of the stars of the DVD
- ◆ **‘Open space’ workshop session** – an opportunity to **share experience, ideas and questions** with others around PB strategy and practice themes of your choosing
- ◆ **Regional mapping of PB activities** – **what’s going on and where** is it happening?
- ◆ In the spirit of participation, this event will be interactive: we will be **asking you to share your experience and learning** with others and to shape the focus of future community of practice sessions.
